

Y9256

Para-Aramid Shell with Foam Nitrile Palm

Palm coated work gloves provide annual protection in high wear/ high risk areas of the hand. The Y9265 has a para-aramid shell made with DuPont™ Kevlar® yarn for greater cut protection. The coated glove shells are excellent for a variety of applications that require a high level of dexterity along with cut protection. Non-slip surface increases confidence and efficiency. The open, uncoated back circulates air, for cooling and comfort.
