

Elements™ EM3

Elements Metal Fabrication Glove

The EM3 is a truly innovative glove that combines three gloves into one. Taking the place of multiple disposable gloves and cut gloves, the Elements combination of layers combine cut resistance, a breathable waterproof membrane and a nylon liner for superb comfort, moisture wicking and protection. Furthermore, this one glove will eliminate the need to manage multiple sku's per employee, reduce annual usage, thereby reducing annual costs and eliminating the need for disposable products.
