12466 Cut Resistant Impact Glove

TPR back-of-hand

This 18-gauge lightweight Cut A7 liner provides the ultimate protection for a wide range of applications with impact and cut hazards. The TPR on the back-of-hand and the fingers is an ANSI level 2 which deflects and absorbs impact extremely well. The Foam Nitrile coating on the palm provides superior grip in oily and wet conditions.

FEATURE:

BENEFIT:

18-Gauge Continuous Knit	Conforms to the hand for improved dexterity and comfort
TPR Back-of-hand and Fingers	Significantly reduces risk of injuries to the back of hand and fingers due to pinch, crush, and impact
Reinforced Thumb Crotch	Provides extended wear and protection while handling metal parts
ANSI A7 Cut Resistance	Offers superior cut protection to greatly reduce hand lacerations
ANSI Impact Level 2	Significantly reduces risk of injuries to the back of hand and fingers due to pinch, crush and impact
High Abrasion	For durability and ensures longer wear
High Puncture Performance	Reduces hand injuries due to sharp objects and burrs

Touchscreen compatible

DEDICATED TO PROTECTING THE HANDS AT WORK

Wells Lamont Industrial began manufacturing gloves in 1907 and continues to be a leader in the global glove industry today. We are driven to provide unequaled technology, service, and support to our safety distributors and end-users.

By leveraging our design and technical expertise, Wells Lamont delivers high quality and innovative cut and heatresistant gloves, palm coated gloves, critical environment gloves, and leather gloves.

We are the only glove manufacturer in the U.S. that upwinds its own yarns and knits them into cut-resistant gloves.

COMMITTED TO OUR CUSTOMERS

Following the precedents set by W.O. Wells more than 100 years ago, Wells Lamont Industrial today is committed to bringing our customers superior quality, innovative engineering, and responsive service.

We are passionate about maintaining excellent relationships with our customers, and we stand behind our products' quality and performance by providing:

· Control of quality
