

5900

Cut Level A9 Series Gloves

The 15-gauge 5900 ANSI/ISEA 105-2024 Cut Level A9 Series Gloves provide the comfort, dexterity, and high-level cut protection needed for employees on the line. The 5900 glove is knitted with high-performance fibers and wire to achieve the level of cut resistance needed for protection without sacrificing dexterity. Not only will this glove protect against possible lacerations when working with knives/blades, but it also allows for improved movement to help reduce carpal tunnel or CTD's.
